LIBRARY - TIMETABLE

1. Take time to sit down and work out your timetable. It won't take long.
2. A trick is to write down things you have to do each week, eg you may play school sport in the afternoon, or you may have a music lesson or do debating. Write these times into your timetable.
3. Next write down when you have afternoon tea or your dinner at night. Don't forget to write in supper.
4. Maybe there is even a television show that you really like watching weekly. Write this into your diary.
5. Now see all the blanks left! Use this times to complete your homework or do revision. **You will be surprised at how much time you have.**
